**OptraSCAN<sup>®</sup>**  
On-Demand Digital Pathology

OptraSCAN is a pioneering digital pathology company, with various patents on its automatic scanning device technology coupled with tumor and immune cell intelligent scoring systems, dedicated to transforming the future of pathology services through advanced digital slide scanners and AI-driven solutions. We empower healthcare institutions to transition from traditional microscopes to digital pathology for improved diagnostics\*, research, and education. Our innovative technology offers high-speed precise imaging and analysis that streamlines lab workflows, enhancing diagnostic\* accuracy and improving patient outcomes.
